Intensiv UniglossPaste

Clinically tested and scientifically approved by the University of Zurich

One step diamond paste with uniquely surface adapted micro grain

Indications

- Final polishing and high gloss shining for the surfaces of all aesthetic dental materials
- Maintenance of existing aesthetic restorations

Ref. 2500

Benefits

- Fast high gloss polishing in 15 seconds only
- Can be used with either standard nylon bristle or Prophylaxis rubber cup
- Roughness of treated surface similar to that of natural enamel
- Thixotropic effect and secure use without splattering
